A BESPOKE ENTRANCE MAT FOR **YOUR HOME**

Add a personal touch and make a statement at your front door with a customised entrance mat that has been **specially designed for your home.**

Hardwearing and eco-friendly, these custom door mats are made from eco-friendly natural coir fibre with a durable non-slip PVC backing.

Custom coir mats are ideally used in covered outdoor entranceways, away from rain and direct sunlight. Saturation by water may cause the fibre to swell and shed. Keeping your door mat clean and looking its best is easy — simply brush, shake or vacuum.

The natural features of the coconut husk which makes up the coir surface means that each mat is unique in appearance. Small imperfections are normal and an innate feature of any natural coir product.

Custom coir mats are not just a great idea for your own home, they also make meaningful gifts for friends and family and to celebrate special occasions.
